

ANNUAL TRAINING OF INNER WHEEL CLUBS OF DISTRICT 330

The Annual Training Programme organised by District 330 for its member clubs was held on Saturday, the 28th of July 2018 at Sri Damansara Club in Bandar Sri Damansara, Kuala Lumpur.

Members of Inner Wheel clubs from all over the country converged at the one-day event for the purpose of learning and familiarising themselves with the requirements and responsibilities expected of them in the execution of their duties in respect of the positions they hold in their clubs. Senior members of District 330 acted as trainers and imparted their knowledge and shared their experiences on various issues such as *Overview on the Structure of the Inner Wheel, Effective Inner Wheel Leadership, Procedures and Protocol, Duties and Responsibilities of Club Office Bearers and Requirements by the Registrar of Societies*. This was then followed by Questions and Answers Session helmed by District Chairman Peggy Khoo.

It was a vibrant and well-attended event, with members interacting and gaining insightful knowledge of how the largest women's organisation in the world operates. It was unanimously agreed that the event was fruitful and participants were especially delighted that the event provided an opportunity for meeting and greeting fellow members from other clubs.

Special thank you goes to the Organising Committee who deserves the credit for making the event a roaring success.

Bahma Sivasubramaniam

District Editor 2018-2019
