

REPORT OF ACTIVITIES OF INNER WHEEL CLUB OF SELANGOR

By Club Correspondent Patricia Prema

1. February 2018 –Talent Search for Special & Gifted Children. IWCS was a joint co-sponsor for this amazing talent search dedicated for special and gifted children. It was an amazing show of hidden talent and we were very proud to be part of this effort. As IWC constantly fosters a close community support with MAB, the evening was even more meaningful as the champion was a participant from MAB.

May 2018 – IWC Body Mind Soul Sponsor A Child Program. IWCS participated in the MindBodySoul Carnival held at Publika by sponsoring the participation of several children from the Cornerstone Orphanage and Rumah Ozanam in attending an Empowerment Workshop. The program covered talks, games and interactive workshops focusing on ‘Believing in Yourself’ and seeing the ‘Beauty in Yourself’. We take pride in being able to contribute towards the building of individuals from within, especially children who face stronger challenges at a younger age.

June 2018 – IWHari Raya Buka Puasa Fellowship. In the spirit of the festive season, IWCS did not lose out an opportunity to celebrate an evening of breaking fast at a home that houses underprivileged and neglected children. The members took the opportunity to visit the Ramadhan Bazaar to buy some delicious food for the breaking fast plus some groceries for the home and shared a memorable evening at the home.

August 2018 – Fellowships with Inner Wheel Clubs of Penang and Pearl of the Orient. Our club went up North to take part in fellowship activities of our sister clubs in Penang. We had such a wonderful time interacting and bonding with ladies of similar thoughts and commitment.
