*From the District Editor's
desk.....*

My dear sisters of Inner Wheel District 330,

Your District Committee with Chairman (DC) Kamala A. Yeap at the helm has passed its first one hundred days of the Centennial term on 8th October 2023. This second issue of 'Shining Bright' takes a look at some of the work, members of the District Executive Committee (District Exco) have been focusing on behind the scenes in their efforts to serve you.

As the incumbent District Editor, and being the only ever Past District Webmaster (PDW), I immediately set about collaborating with IIW Webmaster who is also our very own Web-provider, Cheng Yeok San as well as District Webmaster (DW) Jaya Ranjitham Samuel in updating the Homepage on the District Website with the inaugural message from DC Kamala and information on the new District Exco.

The social media platforms of Facebook and Instagram were updated to celebrate the new logos and themes of International Inner Wheel on 1st July 2023. The Club Correspondents (CCs) WhatsApp group chat was set up quickly and the News Reporting template was updated as well, so clubs could commence reporting activities from the get-go if they so desired.

DW Jaya and I also organised two training schedules to accommodate all the CCs which was attended by DC Kamala and District Secretary (DS) Jillian Estrop. I also took a trip to Ipoh to meet up with DW Jaya to show the fast learner she is, all that I know.

As your District Editor, I am a conduit between the National Representative and the District in passing all messages to and from International Inner Wheel's website and social media platforms. Meanwhile, I reach out to clubs, work within the District Committee, and also serve my home club, IWC Butterworth to the best of my abilities.

I owe a lot to the seniors in our District who plucked me out of club level and

pulled me into the District Committee which has enriched me personally in so many ways in terms of knowledge and interpersonal skills. This is the second News Bulletin I have had the pleasure of compiling after the first one, which was dedicated entirely to our past District Chairmen and also DC Kamala.

I have a special affection for DC Kamala for being instrumental in helping set up my home club, IWC Butterworth in 2019 with me as Charter President. I was also guided by Past District Chairmen especially Shanti Menon, Shamini Nair, Immediate Past District Chairman Krishnaveni Mutthiah, IWPBD Datin Seetha Lakshmi and IIW Webmaster Cheng Yeok San who patiently put me through the paces and held my hands as I learned the ropes and found my way.

I am fortunate to have worked alongside Past District Editor (PDE) Padmini Pillai as well as PDE and current District Secretary (DS) Jillian Estrop, both of whom have inspired me to serve to the best of my abilities. IWC Butterworth has been my bastion of support in my Inner Wheel journey as it nominated me successfully for two consecutive years to the post of District Webmaster and more recently for the Editor's post.

DC Kamala likes to take her Exco along for her Club Visits and we also worked together at the recently concluded AGM. We have met at the District's and also Clubs' installations and I had the chance to visit IWC Apsaras, IWC Alor Setar, IWC Kuala Lumpur, IWC Taiping and warmly welcomed my fellow District Exco members at IWC Butterworth's installation. Due to personal commitments, I have missed the recent events hosted by IWC Kuantan, IWC Klang and IWC Johor Bahru which I regret very much as I have firm and loving friends in these clubs.

For sure we did at times, not shine as brightly as we should have, especially when fate decreed that Murphy's First Law 'Anything that can go wrong, will go wrong' reared its head exasperatingly. However, there were valuable lessons learned and we are happy to have weathered these with grace.

'Shine a Light' being our current theme, we are happy to serve our members who are the epitome of 'Strong Women Stronger World'.

Warmest regards and much love to you amazing ladies,

Lacy Barrock

*Our District Chairman's
first 100 days at the helm*

My beloved Inner Wheel members of District 330,

My term as the District's 43rd Chairman began on July 01, 2023. The district installation was held on July 08, 2023. It was a hi-tea hosted by my club IWC Apsaras for about 170 people. It was attended by members of all the 19 Inner Wheel clubs in District 330, family, and friends. It was a grand affair with everyone who attended, heaping praises on the selection of food and the atmosphere that was created to celebrate the grand affair. As it is the centennial year of Inner Wheel and I am the Centennial District Chairman, my Club members and I were inspired to go all out to do our best to be gracious hosts.

To me, it was a moment that I was proud of but then again it brought me to the reality of what was happening - I am to lead and take charge of a district in an organization that is the world over and the largest women's organization at that. It was all so surreal. More than anything, the realization set in that I will have to do a decent job that I can be proud of and set an example that my successors can follow. Today, I am still in awe of this position. In many ways, I would say that I am lucky as I had the time and opportunity to look at the duties and responsibilities that came with the position from the moment, I was elected to the post of the District Vice Chairman. I had a year to plan and strategize on what had to be done.

On July 07, 2023, we, the District's assigned signatories, that is, the Chairman, Secretary Jillian Estrop and Treasurer Gurmeet Kaur (Meeta), did the necessary to have our signatures recorded by the bank which would enable us to make payments. With this task settled, my focus was next set on ensuring that my small team of the District Executive Committee was comfortable with my laissez-faire style of leadership where each one is entrusted to carry out their duties and responsibilities well, especially with their exposure and experience that they have acquired from serving in Inner Wheel.

The week after, on July 15, 2023, my first District Chairman (DC)'s Visit began with me and three District Exco members attending the installation and official DC Visit to IWC Alor Setar which was a beautiful and fruitful visit. On July 16, 2023, we attended the installation of IWC Butterworth's incoming President and her Exco team. It was another wonderful event with a lot of fun. Attending these installations and official visits made me realize that, although there was distance separating us, it was the mutual love, affection, respect and sisterhood that was binding us together.

With this start, we progressed on to do the necessary in organizing and successfully carrying out the 43rd Annual General Meeting which was scheduled for September 23, 2023. Then the idea of holding a Fellowship dinner came into the picture and again, the District Exco team got cracking and before we realized it, the day came and went with everything falling into place.

Now, I am back into visiting clubs, attending installations and club meetings. Although these visits mean traveling to clubs all over Malaysia, it gives me great pleasure to meet the members and be with them for those few hours. It is a privilege to be able to see them in person and to communicate with them, to tell them and show them that as members of Inner Wheel, there is a bond that will unite us. My Exco team is something to marvel at. I am very blessed to have a team that blends well together and is there to carry out whatever needs to be done. We can have some hiccups now and then, but this team is the best I can ever ask for. They have been there in every step that I have taken and I am sure they will be with me till the end of my term. They accompany me if not all but at least a few of them, on my visits to the clubs, as I view these visits as part of learning and experiencing what these meetings are.

As a lecturer and Associate Professor, I had the opportunity to blend with my students in Malaysia and overseas, but when I had to hang up my travel jacket and stay home to take charge of matters at home, I did miss my travels, my fellow work mates and most of all my students. Now as DC, I have started my travels and although the tiredness comes in, the joy in traveling is there, to get me going. Inner Wheel in many a way, has helped me to make friends and now I have more than 400 friends who help me to bring out the best in me and make me shine so that I can make them shine too. My Inner Wheel sisters shine my light and I in turn shine a light on the world around me.

My 100 days as DC, have been so full of activities that it has kept me very busy

and I have enjoyed every minute of the 100 days. The 100 days have given me a hundred different thoughts and wishes that I am truly baffled at, and at times I wonder what more is in store for me.

Thank you, dears,

Kamala A. Yeap
District Chairman
2023-2024

The District Committee with National Representative (NR) of Districts 330 & 331 Datin Dr Ramani Subramaniam at their installation hosted by IWC Apsaras.

L- R: Immediate Past Chairman Krishnaveni, NR Datin Dr Ramani, Vice Chairman Vimala, Secretary Jillian, Treasurer Meeta, Chairman Kamala, Extension Chairman Shanti, International Service Organiser Jasbir, Editor Lucy and Webmaster Jaya.

*District Vice Chairman
Vimalavathi's 100 days in
her post*

A journey of a hundred days in the office has passed and I cannot believe how time has flown by so fast. It seemed like it was July and three months have gone by. In retrospect, I have to admit it has been an enriching journey mainly because of one very important factor- teamwork.

Since the beginning of term, all of us in the District Exco have had a very good working relationship stemming from respect and friendship. It definitely would not be an exaggeration, to say that it depends mainly on the stewardship of our very capable District Chairman Madam Kamala A. Yeap. Her collaborative leadership style encourages us to come forth with ideas and suggestions, thus making everyone feel valued and engaged.

Being the District Vice Chairman, somehow gives me the feeling of being on transit before I board my next flight. I have embarked on a journey to serve in the District and now am preparing for the next designation. Hence, I am always on the lookout for all updates and announcements as well as listening to the persons who have traveled down the road before me.

However, I welcome all this with an open heart and mind, because at the end of each day, I am happy to be part of Inner Wheel and I am always learning something new. Shadowing DC Kamala is indeed a great learning process because she is ever so willing to teach and explain about being in the District that sometimes I would recall the days when I was attending her Biology class.

The committee this year is even more dynamic with IPDC Veni always willing to share her experience, the very meticulous District Secretary Jillian, District Treasurer Meeta handling the monies, my home club's member Jaya as the District Webmaster, managing clubs' reports, District International Service Organiser Jasbir ever ready to be in contact and coordinate with all Inner Wheel members when needed. A special shout out to our District Editor Lucy who diligently puts up articles after patiently coaxing and waiting for our write-ups.

District Extension Chairman Shanti too worked very hard alongside DC Kamala to form a new club as soon as she stepped into office. Now we are happy and proud to welcome IWC Parklands into our District.

Our Inner Wheel calendar kick-started with the District Chairman's Installation in Seremban in the first week of July. Our Inner Wheel sisters braved traffic jams for wonderful high tea and fellowship after a long time. Although some disciplines do not believe in mixing business with pleasure, our Inner Wheel sisterhood thrives on this type of chemistry. Clubs would be on a serious note hosting the District Chairman's visit in the afternoon and then donning their dancing shoes shortly after, for the club installations in the evening.

Such was the scenario in IWC Alor Setar the following weekend when I accompanied DC Kamala for a club visit. After the meeting was adjourned, we joined the high tea, dressed in our best purple bling following the theme for the day. There were a lot of local delicacies, good entertainment and members ended up dancing to catchy numbers. The very next day was IWC Butterworth's installation in Seberang Jaya which was very entertaining with games and a gastronomic buffet lunch.

The calendar in July was so full because the following weekend was dedicated to Inner Wheel again attending IWCKL's 75th Celebration of Friendship. As usual, IWCKL delighted us yet again with a Royal Ascot-themed luncheon where all the ladies came looking splendid with their fancy hats and fascinators adorned with flowers and feathers.

The fashion show was a treat for the eyes as well as an inspiration for all to see our senior Inner Wheel sisters on the ramp walking. They exuded zeal and confidence that kept the audience hooked. The cake decorating competition was another wonderful event that afternoon. All the cakes were so pretty that it was difficult to cut through the decorations. However, that was just for a very brief moment and then members were spoilt for choice with so many cakes to taste. The afternoon got noisier with lucky draws and interesting prizes.

August was a bit quiet without much traveling. However, the District was busy with the collection of dues and planning for the next big event. Chairman Kamala and the rest of the committee did a lot of preparations sparing me the trouble of travelling but thanks to Zoom we could have meetings to discuss and make collective decisions.

The most awaited event in the Inner Wheel calendar, the District Annual General Meeting (DAGM) was held in the third week of September. The Fellowship Night on the eve of the DAGM saw all the members shining bright adhering to theme for the night, 'Shine Bright like a Diamond'. The evening was very lively with good entertainment and the highlight was the energetic dance performances from our Inner Wheel sisters. That evening was truly a fun fellowship night for me because I had the opportunity to meet Ms Gladys Muhumuza, President of IWC Kampala Central from Uganda.

The next day, the morning was all business at the 43rd DAGM followed by lunch. This was indeed a learning process for me, being involved in organising the most important event of the Inner Wheel year. My journey as an observer, then a delegate and now as part of the District has indeed been good exposure for me.

The last weekend of September saw me on the road again. I had the opportunity to accompany DC Kamala to Kuantan/ Indera Mahkota for her club visit and its installation. The Hawaiian-themed installation was a colourful evening with good food, lively entertainment, games and a lucky draw. The take-home gift was making new friends in Kuantan, a club that I had never visited before.

The hundred days were coming to an end with yet another road trip up north. This Sunday was extra special because my family joined me for the trip. I joined Chairman Kamala for her IWC Taiping club visit on the first weekend of October. The warm hospitality and camaraderie in Taiping made my trip a memorable one and to finish the first quarter of the year on a high note.

As I sit down to pen my journey so far, I realise how much I have learned and I am ever so grateful to all my Inner Wheel sisters who each Shine a Light and have traveled with me.

Yours in Inner Wheel Friendship,

Vimalavathi TP Thayaman Pillai

District Vice Chairman

2023-24

*Immediate Past
District Chairman
Krishnaveni's 100
days in Office*

My dear Inner Wheel sisters, a very warm greeting to all of you!

I was told to pen a few lines of my 100-day journey for the term 2023/24. Well, I can say I was given a total rest by our District Chairman Kamala Yeap. I was busy going away for holidays with my family and also taking care of my grandson who is now six months old. This current position of grandma is joyful and I am enjoying it thoroughly.

It is a flashback of my memories when my children were much younger, and when I started my journey in Inner Wheel. Now with my grandson, I can still manage by attending my club meetings and District Exco meetings. Nothing is difficult when you know how to manage your time. Friends, we shall focus on giving rather than competition. We don't defeat people. Instead, we win them over by bringing facility and cheers, by creating euphony and melody in their lives.

We walk together as members of Inner Wheel to make a difference and to "Shine A Light", continue our quest for friendship and service to make Inner Wheel proud to have us within its fold.

In Inner Wheel Friendship,

Krishnaveni Mutthiah

IPDC 2023/24

District Secretary Jillian's hectic 100 days

My first 100 days.....

Inner Wheel has been part of my life for the last 14 years. Being the President of IWC of Penang 2014 -2015 took me out of my comfort zone but I embraced the challenge wholeheartedly and have nothing but fond memories. I have also formed firm friendships with my club members and have always put the needs of my club first and foremost, so there was no question of declining District positions when I was approached on several occasions over the years, eventually joining the District as the Editor in 2022, with my club's encouragement and blessing.

When I was appointed District Secretary, which is a huge responsibility, I made a commitment to give 110% - come what may - as I'm not the 'wish and yearn' type but rather the 'wish, commit and achieve' type. So how much have I achieved in my first 100 days?

Some call the first 100 days 'the honeymoon period'. In this position, this is furthest from the truth! There was no time really to 'acquaint' myself with the job. It was hands-on from the get-go. Perhaps the six appointments as Club Secretary in a span of 14 years laid the groundwork and helped me. However, I firmly believe that being able to adapt, listen, observe, learn, let go of preconceived notions and the willingness to lose some sleep is what got me this far.

The first week was focused on creating communication channels within the District via various group chats and emails for the District Committee. Then it was collating all the Club Committee Exco and Club Voting Delegates details, which was a challenge but was finally sorted out. Updating the e-ROSES of the new District office bearers was next, which surprisingly was quick and easy.

With this done, allowed for the change of signatories with CIMB bank to take place in early August. The online training of Club Office bearers was next. Club Secretary guidelines were reviewed to prepare myself for the briefing session, which was well attended. Although this is online, I am sure we will meet physically at many other functions and have further discussions

District Exco meetings were held via Zoom to discuss the planning for the 43rd Annual General Meeting and 'Fellowship Nite'. This is when the hard work kicked-in! A lot of toil and effort went into compiling, collating, organizing and working with IWP Ed/MM Yeok San, whom I am eternally grateful to for taking me on a learning journey (of Inner Wheel) and guiding me throughout this whole process to ensure things were put in order and a comprehensive Annual Report was produced. The knowledge gained from this experience is indeed invaluable. The minutes of the 43rd Annual General Meeting was sent out 10 days after the meeting for the District Committee to review. On the 22nd September 2023, I walked away with a sense of pride and warmth seeing my Inner Wheel sisters performing and enjoying friendship that evening and lessons learned after the 43rd Annual General Meeting on the 23rd.

Day 101, I guess it's time for me to scale what I've learned and hopefully continue to serve to the best of my ability. Hopefully, I have the 'Wisdom to know when to Speak and the Intelligence to know when to Listen'

Wish me luck!

Jillian Estrop

District Secretary 2023-2024

DS Jillian explaining the motivation behind a resolution at the DAGM

*District Treasurer Meeta's
challenging first 100
days*

When my husband joined Rotary, little did I know what lay ahead. Soon enough I was roped in as an Inner Wheel member of Bangsar Club. I can't quite recall the how and when but my Wheel is still turning and shining bright. Thirty-four years of service, fun and fellowship is laden with many treasured memories of projects, outings, fellowships, and of course our monthly meetings. In this journey of like-minded members, I found many forever friends. For sure our paths would never have crossed if not for Inner Wheel.

My first District Post of District International Service Organiser (DISO) gave me a chance to meet an entourage of ladies from Pakistan. My second time in District 330 was as District Editor. Much to learn and relearn. As I complete 100 days as the current District Treasurer (DT), believe me, it's the most challenging job I have ever taken on, as keeping the accounts in order is certainly a responsibility that needs proper management and structure. I am blessed and lucky to have a helpful District Chairman and cooperative team players to guide me. The year has just started with the big task of collecting the District Dues, followed by the District AGM and the time has just flown! There is much more to learn in the coming months, taking it one step at a time.

I am so thankful for technology, at a click or a tap on your smartphone staying connected with anyone is so much easier now, unlike those days of landlines, faxes and letters. Being tech-savvy is a great help in my task as a DT.

Getting to know new members in the district has been a joy as new faces, personalities, and talents bring so much value to our lives. Looking forward to the rest of the year for new learning and experiences. It's been a busy 100 days.

Meeta Chahal

District Treasurer 2023/2024

*The District Extension
Chairman's first 100
days of service*

The Extension Team

A team is not a group of people who work together but one that trusts each other. That being said, let me introduce you to my team.

I have experienced and knowledgeable Inner Wheel seniors like PNR Pari Satheesan and PNR Juanita Lee who work very closely with me and PDE Padmini Pillai whom I consider to be extremely meticulous and knowledgeable in her field of expertise. DC Kamala, is a team player, and together we tackle different areas of extension work and we trust and respect each other.

We were put to work from day one itself when Past President Dr Theyveeka of IWC Klang expressed an interest in forming a new club. We worked with Theyveeka to get the club constitution in line with IIW requirements and also briefed her regarding the responsibilities of a Charter President. Dr Theyveeka being an existing Inner Wheel member was easy to coach and she being the go-getter that she is, managed to plan her moves very fast and efficiently.

Extension team's job was made very simple with Dr Theyveeka taking the lead to organise interest meetings, inaugural meeting and finally within two months of initiation, IWC of Parklands was born. We now await the club's much talked about and anticipated charter celebration scheduled for Nov 4th.

We were also involved in the revival of IWC Azul (chartered in 2021) with the help of PP Datin Santhi Sundara and DE Lucy Barrock. However, we have not been very successful. I must thank both of these ladies for being so patient and persistent in trying to help the extension team and District 330.

There have been interests expressed in other parts of the country as well, which we hope to look into in the coming months.

In the international arena, we also held meetings with an interested party from Jakarta, Indonesia. Due to lack of clarity in terms of registering an NGO in Indonesia, the plans have been put on hold. Nevertheless, plans are underway to translate the 'IW Companion' into Bahasa Melayu to facilitate an entry into Indonesia as well as encourage more Malay speaking women to join our organization.

I would like to take a moment to thank my team members for their hard work and dedication thus far. Hundred days in office and you ladies are already shining like diamonds!!

Much luv,

Shanti Menon

Dist. Extension Chairman

Members of the District Extension Committee with District Chairman Kamala A. Yeap (third from left) and President Dr Theyveeka Selvy Rajoo (third from right) and her team from the Inner Wheel Club of Parklands which was formed this term.

*The first 100 days of
District International
Service Organiser Jasbir*

When I was appointed the District International Service Organiser (DISO) of Inner Wheel District 330, I went through a mixture of feelings of happiness and doubt. Happiness because it was a great honor thrust upon me, and doubt because I sometimes wondered whether I would be able to live up to the expectations of the job. Anyway, I threw myself into the duties assigned to me and I look back now on my first 100 days and what I have achieved.

My first task was to set up a WhatsApp group chat for all the clubs' International Service Organisers (ISOs). This was to facilitate the ISOs to get to know each other, exchange information and carry out activities. On the 30th of July, I was very excited to exchange my first bannerette in friendship with ISO Rekha Selvin of the Inner Wheel Club of Nagercoil, District 321, India.

We organized activities in conjunction with the International Friendship Day on 31st July 2023. I also encouraged club members in the District to take part in the Odyssey Multi-District Rally Southeast Asia and a few of them did attend from 1st to 3rd September 2023. There was an ISOs briefing on 2nd August 2023 via Zoom. During this meeting, the ISOs presented a short brief about themselves.

My real test was helping with the preparations of the District 'Fellowship Nite' and DAGM from 22nd to 23rd September. I had to encourage my team of ISOs to get their clubs to put up performances for the fellowship night. One hundred participants from all over the District gathered to celebrate. Our theme was 'Shine Bright Like a Diamond'. Three clubs bravely participated in the dances, namely Inner Wheel Clubs of Parklands, Selangor, and Alor Setar. The beautiful dances provided continuous entertainment throughout the night and were a big hit among those who attended. ISO Viji organized an interactive game

called 'The Scavenger Hunt' which further entertained the audience and there were prizes for the winners. Thanks to Meeta, Padmini and Viji for helping with the games. District Secretary Jillian, the emcee, helped to make the occasion most entertaining.

I feel proud to be part of a dynamic exco team comprising Jillian Estrop, Lucy Barrock, Vimalavathi T Pillai, Jaya Ranjitham Samuel, Meeta Chahal, Shanti Menon, and Past District Chairman Krishnaveni Mutthiah, under the capable leadership of District Chairman Kamala Yeap.

Jasbir Sarjit

District International Service Organiser

2023-2024

ISOs and friends at work during the Friendship Night's Scavenger Hunt

100 days as the District Webmaster

An Experience as a District Webmaster

The designated job to me as District Webmaster for the term 2023/2024 is not just challenging but an interesting one. I got the ball rolling in the management of the District website, vetting all materials prior to forwarding them to the Web provider, and updating the Inner Wheel Clubs' activities with texts, photos, audio, and/or videos on Facebook and Instagram on an ongoing basis. This time-consuming task led me to extensive communications with club correspondents for clarifications, amendments, etc.

I am just about 3 months into the job. Therefore, I am not able to derive a conclusion. Nevertheless, it is not rocket science, and together we can progress. More clubs are invited to liaise directly with me for uploading happenings via your news reporting templates and photos. Your cooperation, patience, and positive thinking will create a better virtual fellowship and friendship. My gratitude to dear DE Lucy Barrock, IIW Webmaster Cheng Yeok San and our District Chairman, Ms Kamala A Yeap. Without, your continuous encouragement, inspiration, and support, I would not have accepted and progressed in the job.

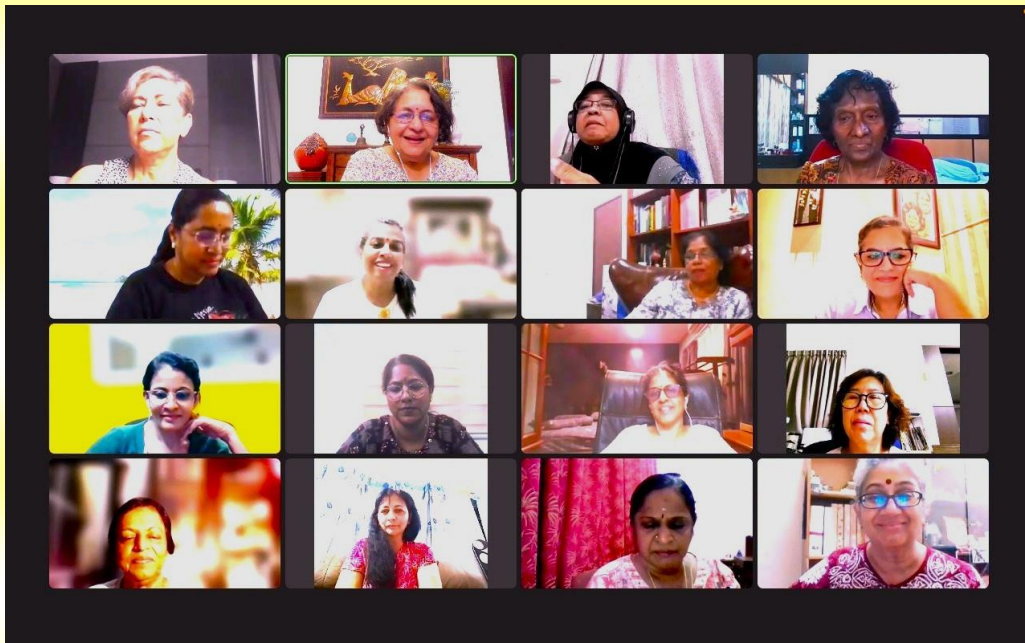

There are nine more months for me to function as a Webmaster. Let us together go the extra mile, which can lead us to inspire others to do personal service, touch the hearts of benefactors, be a tool in the recruitment of new members, promote our Inner Wheel objectives, and show our support for the causes that Inner Wheel members stand for. Thus, allow your write-up and my input to act as a historical account, a legacy.

Jaya Ranjitham Samuel
District Webmaster

Acknowledgment

To members of the District Executive Committee of Inner Wheel District 330, thank you so much for your kind cooperation and for taking precious time off to share your experiences of the first one hundred days in your respective portfolios.

DC Kamala, DVC Vimala, IPDC Veni, DS Jillian, DT Meeta, DEC Shanti, DISO Jasbir and DW Jaya, your input and help is really appreciated in my quest to do my best in my maiden year as District Editor. This second volume of Shining Bright is dedicated to you, my hardworking friends.

May you continue to Shine a Light in all your endeavors this term so we have a great year in serving our beloved members who have placed their trust in us. Much love to you all.
